Response to Arguments

Applicant's arguments, filed on 8/12/04, with respect to claims 1-19 have been fully considered and are persuasive. The rejection of the claims under 112 first paragraph has been withdrawn.

Allowable Subject Matter

Claims 1-19 are allowed.

The following is an examiner's statement of reasons for allowance: the present invention is related to a multi-channel audio decoder for decoding audio signals. The claims are allowed, because Heo doesn't teach where the difference in size between a first and a second audio channel is to a decode time as recited in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel D Abebe whose telephone number is 703-308-5543. The examiner can normally be reached on monday-friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Doris To can be reached on 703-305-4827. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
